

MESSAGE

I am glad to know that the School of Management Sciences is organizing a seminar on the theme " **Sources of Planet Energy, Environmental & Disaster Science (SPEEDS-2019): Impacts of Non-Conventional Energy Resources**" on 07 and 08 February, 2020 in association with Dr. A.P.J. Abdul Kalam Technical University, Uttar Pradesh, Lucknow & The Institution of Engineers(I), UP State Centre, Lucknow.

The planet is rapidly running out of conventional fuels, and non-conventional sources of energy are becoming our future. There is a need to secure the energy supply for future. I hope that the deliberations at the seminar would go a long way in providing concrete suggestions for protecting environment for future generations.

I wish the participants of the seminar all success in the deliberations and also convey my best wishes for grand success of the seminar.

(Prof. Subir K. Bhatnagar)
Vice Chancellor,
Dr. RML National Law University,
Lucknow
