### MESSAGE

I am pleased to know that an international seminar on "Planet Energy, Environmental & Disaster Science : Challenges and Strategies" (SPEEDS-2016) is being organized at School of Management Sciences, Lucknow during 19<sup>th</sup> and 20<sup>th</sup> November, 2016. The forthcoming seminar is a praiseworthy step at the moment when the civilization is facing challenges in respect to energy availability and its utilization for sustainable environment. It is evident now that the technological advancement and quest for easing out life through exploitation of natural resources has led to different disasters and the mankind is scared of them. I understand that the discussions and presentations in the seminar will help in understanding the challenges and strategies for safeguarding environment and ecology.

On this occasion, I extend my heartiest felicitations to the organizers for their deep sense of enthusiasm and also convey my best wishes for grand success of the seminar.

  
(Prof. Onkar Singh)  
Vice-Chancellor
